80cc Class

The 80cc class over the weekend showed a small field, but also an impressive run of wins for Hayden De Mamial who took a clean sweep of wins throughout the weekend in both the Victorian 80cc Metrakit Series and Victorian Road Race Championship round.

Hayden has shown a very impressive record this year with his stable consistency and ability to win, while finishing every race he has started this season. Asking Hayden over the weekend how he felt with his riding this year! He acknowledged that he is enjoying the winning feeling but would like some competition for the festival in November to sharpen his skills.

With a few more 80cc competitors showing for the festival, will make for an exciting event.

The runners up over the weekend saw Brad Shaw take out second position for the weekend's racing with 5 x 2nd positions and one DNF to claim 2nd position overall. Brad in his first Metrakit Series Championship has taken out the Victorian 80cc Troy Corser Agencies Metrakit Championship in 1st position after a consistent year by entering and completing all rounds. This result should go a long way for Brad in his future quests for more winning ways in the future.

Metrakit newcomer Jake Mitchell placed third overall on the weekend in both the Troy Corser Agencies 80cc Metrakit Series round and Victorian Troy Corser Agencies 80cc Metrakit Series overall. Jake has made impressive improvements to his riding and although having a bit of a "get off" in the latter stages of the weekend, vows to come back stronger in the future.

Below are 80cc results for the weekend rounds and Series points.
